

# **CALLING ALL MS RESEARCHERS**

## **Understanding Multiple Sclerosis in the Black Community: Why This Research Matters:**

MS affects individuals differently in the Black community, highlighting the need for tailored research.

### **Key Reasons to Focus on This Research:**

- Health Disparities: Understanding MS's impact can lead to better treatment.
- Community Empowerment: Research can enhance self-management.

### **Challenges Faced by Black Individuals with MS:**

- Delayed Diagnosis: Misinterpretation of symptoms.
  - Access to Care: Socioeconomic barriers.
  - Cultural Stigma: Hindrances in seeking help.
- Limited Research: Few studies on this community.
  - Support Networks: Fewer tailored resources.

### **Who Will Benefit?**

- Individuals with MS: Improved care.
- Healthcare Providers: Better insights for diagnosis.
  - Communities: Enhanced support networks.

### **About The Nerve of My Multiple Sclerosis CIC**

At The Nerve of My Multiple Sclerosis CIC, our mission is to raise awareness, provide support, and advocate for research focused on understanding MS in diverse populations. We aim to create a community where individuals affected by MS can find solidarity, share experiences, and access vital resources. Join us in our mission to make a difference! Together, we can pave the way for a brighter future for those living with MS.
