

The Nerve of My Multiple Sclerosis CIC – Empowering the Black MS Community

What We Do:

- Support Groups: Create safe spaces for sharing experiences and building connections.
- Educational Workshops: Empower individuals with knowledge about MS management and healthcare navigation.
- Advocacy Campaigns: Raise awareness of the unique challenges faced by Black individuals with MS.
- Merchandise: Offer empowering clothing and resources promoting pride and self-expression.
- Peer Support: Provide online and in-person sessions tailored to member needs.

Why It Matters:

Black individuals with MS often encounter systemic inequalities that hinder access to care. Our organisation aims to address these challenges and foster community and empowerment.
